

A recipe for a safer internet

Be as kind to people online as you would be to them in the playground.

Keep personal information private; this includes your last name, passwords, photos and school name.

Check the age restrictions of games, apps and websites. You might not be old enough!

Only post photos or videos of people if you have asked their permission first.

Don't meet up. Meeting someone you have only spoken to online can be dangerous. Always check with an adult you trust.

Tell someone if you feel worried or uncomfortable about something.
